

# BODY PIERCING AFTERCARE

**WE STRONGLY RECOMMEND H2OCEAN & BRIOTECH HEALING PRODUCTS**

**WASH** your hands thoroughly prior to cleaning or touching your piercing for any reason.

## **FIRST WEEK**

**SPRAY** with BrioTech topical skin spray 3 - 4 times per day. Allow to air dry.

*After the first week of healing, continue with the BrioTech spray every day and start with the Piercing Soap.*

**SPRAY** with BrioTech topical skin spray 3 - 4 times per day. Allow to air dry.

**SOAP** with H2Ocean Piercing Foam Soap once every 2 - 3 days, to remove any buildup. Apply foam soap to a q-tip swab & clean the jewelry, removing any debris. Leave the cleanser on the piercing no more than thirty seconds. All crust and debris must be removed.

Continue with healing treatment until you are out of each product.

**IF NEEDED JEWELRY CAN BE DOWNSIZED in 4 WEEKS  
JEWELRY SHOULD NOT BE CHANGED  
OR REMOVED FOR 8 WEEKS**

**After 8 weeks please visit us for new jewelry options.**
